- ▶ 8 x AA batteries included
- ▶ Available for Canon & Nikon DSLRs

*Take the perfect shot remotely from up to 60 metres away using the colour LiveView LCD display*

Available for  
Canon & Nikon

DSLR

Patent Pending

## LiveView

- ▶ Built in 3.5" colour LCD on the handheld transmitter displays a LiveView image independent of DSLR.

View these live images from up to 60 metres away from the camera, ensuring you take the perfect photo at exactly the right time. Ideal for wildlife, sport, hazardous photography.

- ▶ If your DSLR lens is set in a close-up zoom, the built-in CMOS camera in the Inspire receiver is a separate, convenient wide-angle LiveView for surveying the overall scene. as it allows you to monitor the scene prior to switching to zoomed-in DSLR LiveView to take the shot.

## Camera Compatibility

- ▶ Built in Phono socket allows easy connection with the Camera AV output (use the AV cable supplied with camera).
- ▶ Cameras which do not have an AV output or LiveView feature can still be used. The built-in CMOS Camera on the receiver sends a LiveView of the camera scene to the LCD on the handheld transmitter.

## Playback

- ▶ The Inspire allows the saving of images taken. Then playback the pictures in the Inspire transmitter without having to go back to the camera.

## Multiple Remote Camera control

- ▶ The Inspire will allow you to control 4 different receivers connected to 4 different DSLRs.
- ▶ Switch between the LiveView scene of each camera from the transmitter at the touch of a button. Whilst you control one camera, the other receivers go into sleep mode conserving power.

## Universal Power source

- ▶ The Inspire can be powered with AA Alkaline batteries (8xAA included), which can be easily replaced.
- ▶ For more power and environmentally friendly rechargeable Ni-MH AA can also be used.
- ▶ Built in Mini USB socket offers an unlimited additional power options (e.g. direct power from laptop, external Li-ion battery packs AC/DC Adapter or Solar 5 V source.)

## Also in the hähnel Remote Control Range
